## **Information pursuant to art. 13 of the Privacy Code**

Pursuant to article 13 of the code of Legislative Decree 196/2003, the following information is provided. This document describes in detail the types of personal information collected and recorded by the site and how they are used.

### **Log File (Log File)**

Like many other websites, the site uses log files. These files simply log visitors to the site - usually a standard procedure for hosting companies and hosting analytics services. The information contained in the log files includes Internet Protocol (IP) addresses, browser type, Internet Service Provider (ISP), information such as date and time, referral pages, exit and entry pages or the number of clicks. This information is used to analyse trends, administer the site, track user movement on the site, and track demographic information. IP addresses and other information are not linked to personal information that can be identified; therefore, all data is collected in an absolutely anonymous form.

### **This website uses Cookies**
